

June 27,2026

My name is Peggy Cabral, I hired Peninsula Construction on June 6,2025 to remodel my kitchen and to put a new roof on my home.

Mr. Rodriguez and his crew did an excellent job remodeling my home. He and his crew are very professional and took care of the work as if they were working on their home. I appreciated the crew always being on time and cleaning up everything at the end of each day.

Mr. Rodriguez gave me a timeline and the work was completed within that period. I would highly recommend them for any job big or small.

Sincerely,

Peggy Cabral
